

DIGITAL ENGINEERING STUDIO

Engineering the *digital future*, brick by deliberate brick.

A full-service software studio crafting custom web, mobile, cloud & AI solutions
— and the team behind *Ximboa* and *Gatiman Leads*.

— WHO WE ARE

A decade of turning ambition into *software that ships.*

Bhojsoft Solutions is a full-service technology studio specialising in custom software, web & mobile development, and digital transformation. We pair deep engineering craft with a genuinely client-first approach.

From boutique beginnings in Pune to a multi-country partner serving clients across India and Southeast Asia — we build products that perform.

MISSION

Empowering business through technology

To empower businesses toward digital excellence with innovative, scalable, future-ready solutions — delivered on time, on budget, at uncompromising quality.

VISION

The preferred technology partner

To be the trusted partner for enterprises and startups seeking meaningful digital transformation and sustainable growth in a rapidly evolving world.

Integrity

Honest and transparent in everything we do.

Quality

Rigorous standards, zero compromise.

Innovation

Constantly pushing digital boundaries.

Client-First

Your success defines our success.

WHAT WE DO

Capabilities across the *entire product lifecycle*

01 Designing Creative UI/UX crafted for impact and conversion. Interfaces that feel effortless and look unmistakably premium.	02 Development Custom web & enterprise application engineering. Clean, maintainable code built to scale with your business.	03 User Experience Intuitive, human-centred digital experiences. We map every journey so users reach their goal without friction.
04 Mobile Solutions Cross-platform iOS & Android apps, built to perform. Native-grade speed from a single, efficient codebase.	05 Branding Identity & strategy that connects with audiences. From logo to voice, we shape brands people remember.	06 Consulting Strategic IT advisory & transformation roadmaps. We help you choose the right technology and sequence it sensibly.
07 Software End-to-end custom software across industries. Systems tailored to your workflow, not the other way around.	08 Optimization Performance, SEO & conversion tuning for growth. We measure, refine, and get more from what you already run.	09 Technology Staffing On-demand technology talent and dedicated teams — skilled engineers and specialists who scale your delivery, fast. OFFICIAL VENDOR PARTNER · LTIMINDTREE

— IN-HOUSE INNOVATION

Our *Products*

Beyond client work, we build and run our own platforms
— solving real problems in careers, employability and
sales growth.

PRODUCT 01

Career Intelligence Platform

ximboa.com

PRODUCT 02

Smart CRM — Lead Management

gatimanleads.bhojsoft.com

CAREER INTELLIGENCE & EMPLOYABILITY PLATFORM

Where students find *careers* & recruiters find *talent*.

A career intelligence and employability platform — helping students discover career paths, identify skill gaps, access internships and jobs, and connect with educators, while recruiters hire pre-assessed talent.

ximboa.com →

KEY FEATURES

- 01

Career Path Discovery

Explore roles and directions matched to your strengths.
- 02

Skill-Gap Assessment

Pinpoint exactly what to learn next with structured assessments.
- 03

Internships & Jobs

Access curated internships and job opportunities in one place.
- 04

Educators & Recruiters

Learn from educators; recruiters hire pre-assessed talent.
- 05

Personalized Career Roadmap

A tailored, step-by-step plan guiding each learner from where they are to where they want to be.

— SMART CRM & LEAD MANAGEMENT

Move faster. *Close more leads.*

Gatiman — literally *"moving fast"* — is our purpose-built CRM, designed to help sales teams capture, track and convert leads with speed and precision.

gatimanleads.bhojsoft.com →

KEY FEATURES

- 01 Multi-Source Lead Capture**
Intake from every channel with instant alerts.
- 02 Visual Pipeline Tracking**
Drag-and-drop stages keep every deal moving.
- 03 Analytics & Reports**
Real-time dashboards for conversion & performance.
- 04 Team Collaboration**
Assign, comment & follow up on leads together.

— OUR PROCESS

Four deliberate steps to *digital success.*

01

Discovery & Planning

We dive into your goals, define scope, and craft a clear roadmap with milestones.

02

Design & Prototype

Intuitive wireframes and high-fidelity prototypes aligned with your brand and users.

03

Build & Develop

Agile sprints with regular demos — we build, integrate and iterate fast.

04

Test & Launch

Rigorous QA, smooth deployment, and ongoing support & maintenance.

“

Bhojsoft delivered a sleek, secure platform and were proactive and genuinely professional throughout. They felt like part of our own team.

Elena Martínez · Chief Technology Officer

"Deep technical understanding from the first call. Our platform now runs faster and more reliably than ever before."

Sophia Müller — Head of Digital Projects

"An outstanding partner. Their agile approach and innovative thinking helped us scale our business tools effectively."

Daniel Thompson — Operations Director

Amit Bhoj
FOUNDER & CEO

LEADERSHIP

The vision behind *Bhojsoft Solutions.*

Amit Bhoj is the Founder & CEO of Bhojsoft Solutions — a technology leader with deep expertise across web, mobile, cloud and enterprise software.

Since founding the company in 2014, he has grown Bhojsoft from a boutique development firm into a multi-country IT partner — and championed the launch of Ximboa and Gatiman Leads.
